About the College

Ajay Kumar Garg Engineering College (AKGEC), Ghaziabad is affiliated to Dr. A.P.J. Abdul Kalam Technical University, Lucknow, and is approved by All India Council for Technical Education. The college was established in 1998 and now offers B. Tech. courses in seven disciplines. The college also offers M. Tech. in Automation and Robotics, Electronics & Communication Engineering, Computer Science, Electrical and Electronics Engineering and Mechanical Engineering. The college is accredited by NAAC and NBA. The college strives for excellence and has been consistently maintaining excellent academic results and placements. The college has the distinction of being the first and only college in UP to receive the Academic Excellence Award for the Best Engineering College in UPTU from H. E. the Governor of UP for two successive years. It is a matter of pride for the College to maintain a superlative overall academic performance over the years. In the year 2017-18, the College achieved unbeatable distinction of 12 positions in the branch wise University Merit List with 2 Gold and 2 Bronze medals. In the year 2016-17, the College achieved 12 positions in the branch wise University merit list with 2 Gold, 1 Silver and 3 Bronze medals; ten positions with 3 Gold Medals, 1 Silver Medal and 1 Bronze Medal in 2015-16 and similar stupendous results in previous years as well. Our students have the honor of being awarded the Chancellor's Award for highest marks in all B. Tech. courses for three consecutive years in 2015-16, 2016-17 and 2017-18.

Centers of Relevance and Excellence

AKGEC jointly with KUKA Robotics (India) has set up India's first Industrial Robotics Training Centre for Educational Institute, AKGEC-BOSCH Rexroth Centre of Competence in Automation Technologies, National Instruments (AKGEC-NI Lab), Siemens PLM Software at AKGEC, Ghaziabad. The primary objective of the centers is to bridge the industry-academia gap and focus on training & research programs which will help catering to the growing demand from engineering & manufacturing industries in India.

About the Conference

In the series of National Conference, Departments of Information Technology & Computer Science and Engineering are organizing the 6th National Conference on 'Information Technology for Business Transformation' (ITBT'19). The main aim of this conference is to provide a platform to the researchers and practitioners from both academia as well as industry to meet and share cutting-edge development in the concerned field. Digital transformation reshapes every aspect of a business. Proactive innovation is one of the best ways to stay competitive in an evolving marketplace. New technology needs to be assessed, tested, analyzed and judged more quickly than ever. New tools and technologies need more than one avenue for viability, otherwise their value drops quickly. The importance of big data in the business world can't be overstated. Speaking of how invaluable big data is to marketers, the IoT offers immeasurable insight into customer's mind. Businesses and customers alike will continue to benefit from the IoT. Our relationships to technology continue to evolve. Soon machines will be able to learn and adapt to their environments. AI has long been considered the realm of science

fiction, but as technology improves, AI becomes a reality. This conference focuses on analyzing and understanding both the quantitative and qualitative contribution of Information Technology in the growth of modern day business.
